

# CLASSMATES IN ENTERPRISE

**A**CHIEVEMENT is not a single performance but the teamplay of loyal and conscientious endeavor. In British Columbia the builders are those who have invested energy and money in the future growth of the province of their choice.

B. C. Electric is proud to belong to this team. It regards high in its assets the loyalty of over 5,500 employees and the confidence of 30,000 persons who have their savings invested with the company.

## WORK, WORK, WORK!

Back in November and December, when most Byngites had heard only vague hints that there might be a year book published this June, our faithful advertising staff under the direction of Advertising Manager Doug Williams was already doing its share of making possible the production of a potentially expensive annual which would still sell at a price within the budget of every student.

The advertising staff, composed of Mary Dunbar, Doreen Armour, Harry Downs, Dione Teasdale, Maybird Dunwoody, and Shirley Carmichael, may be well complimented on many wears hours of foot-slogging which was responsible for bringing in more than five hundred dollars of advertising copy.

These people deserve the gratitude of both the Annual Staff and the student body. School spirit on the athletic field is not always hard to foster, but true school spirit is put to the proverbial acid test when advertising campaigns are involved.

We are also deeply indebted to the many business firms of Vancouver who supported the "Spotlight" with their generous allotments of advertising material, without which our year book would not be possible.

Happy moment  
...have a Coke
